

# cheers to 21 years

Davenriche European Martial Artes School is 21 years old!

Join us on July 17, 2021 at Davenriche European Martial Artes School to celebrate a birthday party. DEMAS is turning 21 years old! We are going to celebrate 21 years of sword fighting at DEMAS and everyone's birthday that couldn't celebrate in 2020. This party will start at 12 noon and go until midnight. We will have food trucks coming to the school in the evening for dinner and there are local restaurants that we can go to for other food. There are also stores and hotels around the area that food and lodging can be found.

If you have been looking forward to getting out on the floor and fencing with someone after the pandemic, this is your chance.

From Noon to Seven we will have an open floor for fencing and hanging out. At 7 PM, we will still have open floor BUT the socializing and the party will begin! While we are open for freeplay and hanging out for the seven hours, we will be open for people to come and go for the afternoon. If you are not a fencer, come join us and watch people fight with different kinds of swords.

This is open to anyone that would like to come celebrate with us. We have been able to continue bringing the Western martial arts to the Bay Area because of our friends that help us to keep our doors open. I want to celebrate you. Whether you are a current student, a past student, someone that I've had the opportunity to work with at events in the past, a friend of the school or someone who has attended, or a future student: this is to celebrate you!

Lessons will be available for guest that would like to try out what we teach here. If you have the equipment and experience to participate in the freeplay during the day I would encourage you to join us and fence with everyone that you can.
